RELIABLE SUPPLY. SEAMLESS CARE.

IMed Products® delivers high-quality, value-driven medical and infusion support solutions for care settings of all sizes. From hospitals and infusion centers to alternate site and home-based care, our products are designed to meet the everyday demands of modern healthcare.

With consistent supply, dependable performance, and a focus on workflow efficiency, we help providers stay focused on what matters most: patient care. Every product is backed by a strong distribution network and responsive customer support, giving you confidence in both availability and performance.

Our portfolio is built to simplify purchasing, support operational continuity, and deliver practical solutions without unnecessary complexity. IMed Products combines quality, reliability, and cost-conscious value into a single, trusted offering.

More than a product line, IMed represents a dependable partner committed to supporting your team and strengthening your supply chain so you can deliver care with confidence.

IM58008U

DURABLE BACKPACKS

- Use with CADD, Curlin, and Sapphire Pumps
- Adjustable Straps
- Available in Blue

ITEM #	DESCRIPTION	SIZE	UOM
IM58021	Ambulatory Pump Backpack	2000mL	1 Each
IM58008U	Ambulatory Pump Backpack	3000mL	1 Each

IM58006U

DURABLE POUCHES

- Use with CADD, Curlin, and Sapphire Pumps
- Adjustable Shoulder Strap
- Available in Blue

ITEM #	DESCRIPTION	SIZE	UOM
IM58005U	Ambulatory Pump Pouch	100mL	1 Each
IM58019	Fanny Pump Pouch	500mL	1 Each
IM58006U	Ambulatory Pump Pouch	500mL	1 Each
IM58007U	Ambulatory Pump Pouch	1000mL	1 Each

IM58009U

ENTERAL BACKPACKS

- Use with Infinity, Omni, and Joey Pumps
- Adjustable Straps
- Available in Blue

ITEM #	DESCRIPTION	SIZE	UOM
IM58020	Enteral Pump Backpack	500mL	1 Each
IM58009U	Enteral Pump Backpack	1200mL	1 Each

IM36108	Elastic Net Retainer Dressing	8	Medium Chest, Back, Axilla, Perineum Large Head X-Large Thigh	1 Roll/Box
IM36109	Elastic Net Retainer Dressing	9	Large Chest, Back, Axilla, Perineum	1 Roll/Box

IM36026

IMED GUARD

- Infused with chlorhexidine gluconate (CHG) to reduce contamination
- Contains foam that has a 38% higher absorbency rating than the market-leading product
- Pyrogen-free; not made from natural rubber latex

ITEM #	DESCRIPTION	SIZE	UOM
IM36026	IMed Guard with CHG	1 inch circle, 4mm hole	10/Box

IM25092

ALCOHOL PREP PADS

- Contains 70% Isopropyl Alcohol
- Sterile
- 2-Ply; Non-Woven

ITEM #	DESCRIPTION	SIZE	UOM
IM25092	Sterile Alcohol Prep Pads	Medium	20 Boxes/200; 4000/Case
IM25093	Sterile Alcohol Prep Pads	Large	40 Boxes/100; 4000/Case

IM27079 IM27078

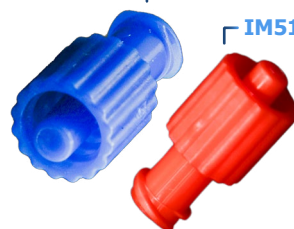

DISINFECTANTS

- 70% Isopropyl Alcohol (IPA)
- USP-Grade Isopropanol (Isopropyl Alcohol)
- Sterile
- 70% Alcohol by Volume
- 30% USP-Purified Water
- Double-Bagged
- Gamma-Irradiated

ITEM #	DESCRIPTION	ATTRIBUTE	SIZE	UOM
IM27094	70% Isopropyl Alcohol	Flip-Top Bottle	16oz	12/Case
IM27077	70% Isopropyl Alcohol	Spray	16oz	12/Case
IM27078	70% Isopropyl Alcohol	Spray	32oz	12/Case
IM27079	70% Isopropyl Alcohol	Bottle	Gallon	4/Case

IM51004 IM51003

DUAL FUNCTION DEAD END CAPS

- DEHP-Free; PVC-Free; BPA-Free
- Male/Female Luer
- Meets ISO 80369 Standard

ITEM #	DESCRIPTION	DETAILS	UOM
IM51003	Sterile End Cap	Red	100/Case
IM51004	Sterile End Cap	Blue	100/Case

IM27127

MINI TRANSFER PIN

- 20mm Spike with Cap
- Female Luer
- 0.8um Vent Filter

ITEM #	DESCRIPTION	UOM
IM27127	Mini Transfer Pin	100/Box

IM53080

CLEO™ 90 INFUSION SET

- All-in-one design with introducer and cannula simplifies insertion and helps control speed
- Enhanced safety and flexibility with automatic needle retraction and 360° rotating site tubing connection

ITEM #	DESCRIPTION	UOM
IM53080	Cleo™ SubQ Infusion Cannula, 6mm	50/Box
IM53081	Cleo™ SubQ Infusion Cannula, 9mm	50/Box

EXPLORE PRODUCTS IN DETAIL

EZ-FLOW™ Elastomeric Pumps are proven to be a safe, effective, and convenient alternative to electronic infusion pumps. Ideally suited for infusion, long-term care, and outpatient chemotherapy treatments, EZ-FLOW gives the patient mobility and freedom to maintain an active lifestyle without the use of batteries.

The balloon-like reservoir exerts mechanical pressure, which administers the medication at a controlled flow rate, determined by the restrictor and tubing.

Several environmental factors may impact the flow rate, resulting in shorter or longer infusion times during treatment. When filled to the label volume, the EZ-FLOW Elastomeric Pump accuracy is within 15%.

IMed Products® offers a wide range of sizes and flow rates along with extensive drug stability data, offering dosing flexibility across various infusion therapies.

Explore our EZ-FLOW Elastomeric library and learn more about product features, benefits and best practices

Infuse Medications Without Electronic Pump Hassles

PATIENT FREEDOM

Offer a safe and effective way to deliver infused medications while allowing patients freedom to live their day-to-day lives without the worry of programming or battery power.

SLEEK DESIGN

DEHP-free and not made with natural latex, these sterile, single-use pumps are transparent (amber for chemotherapy) and include a tethered end cap and pinch clamp to aid in effective administration.

PATIENT FREEDOM

EZ-FLOW Elastomerics are color-coded to easily identify flow rate, reducing the risk of administration error.

PRIMING CAP EFFICIENCIES

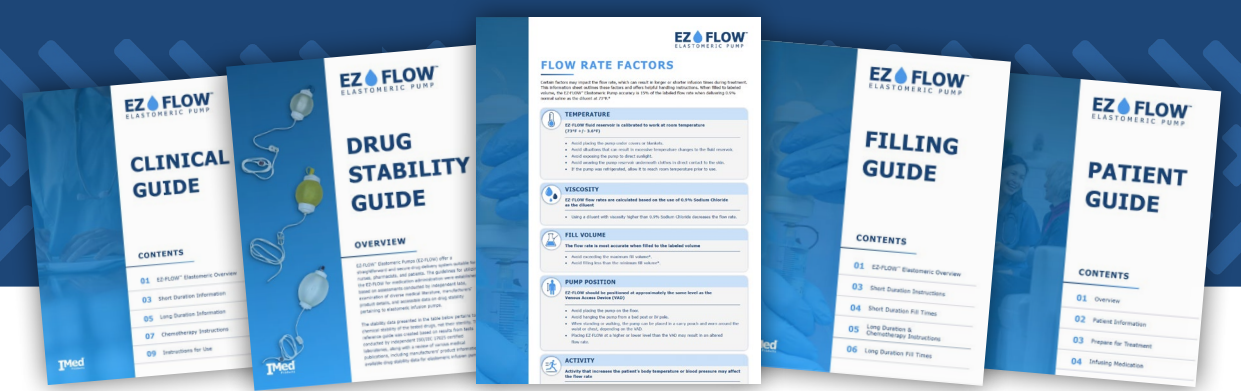

Long duration and chemotherapy pumps are equipped with a priming cap, increasing pharmacy efficiencies and reducing the time required to prime.

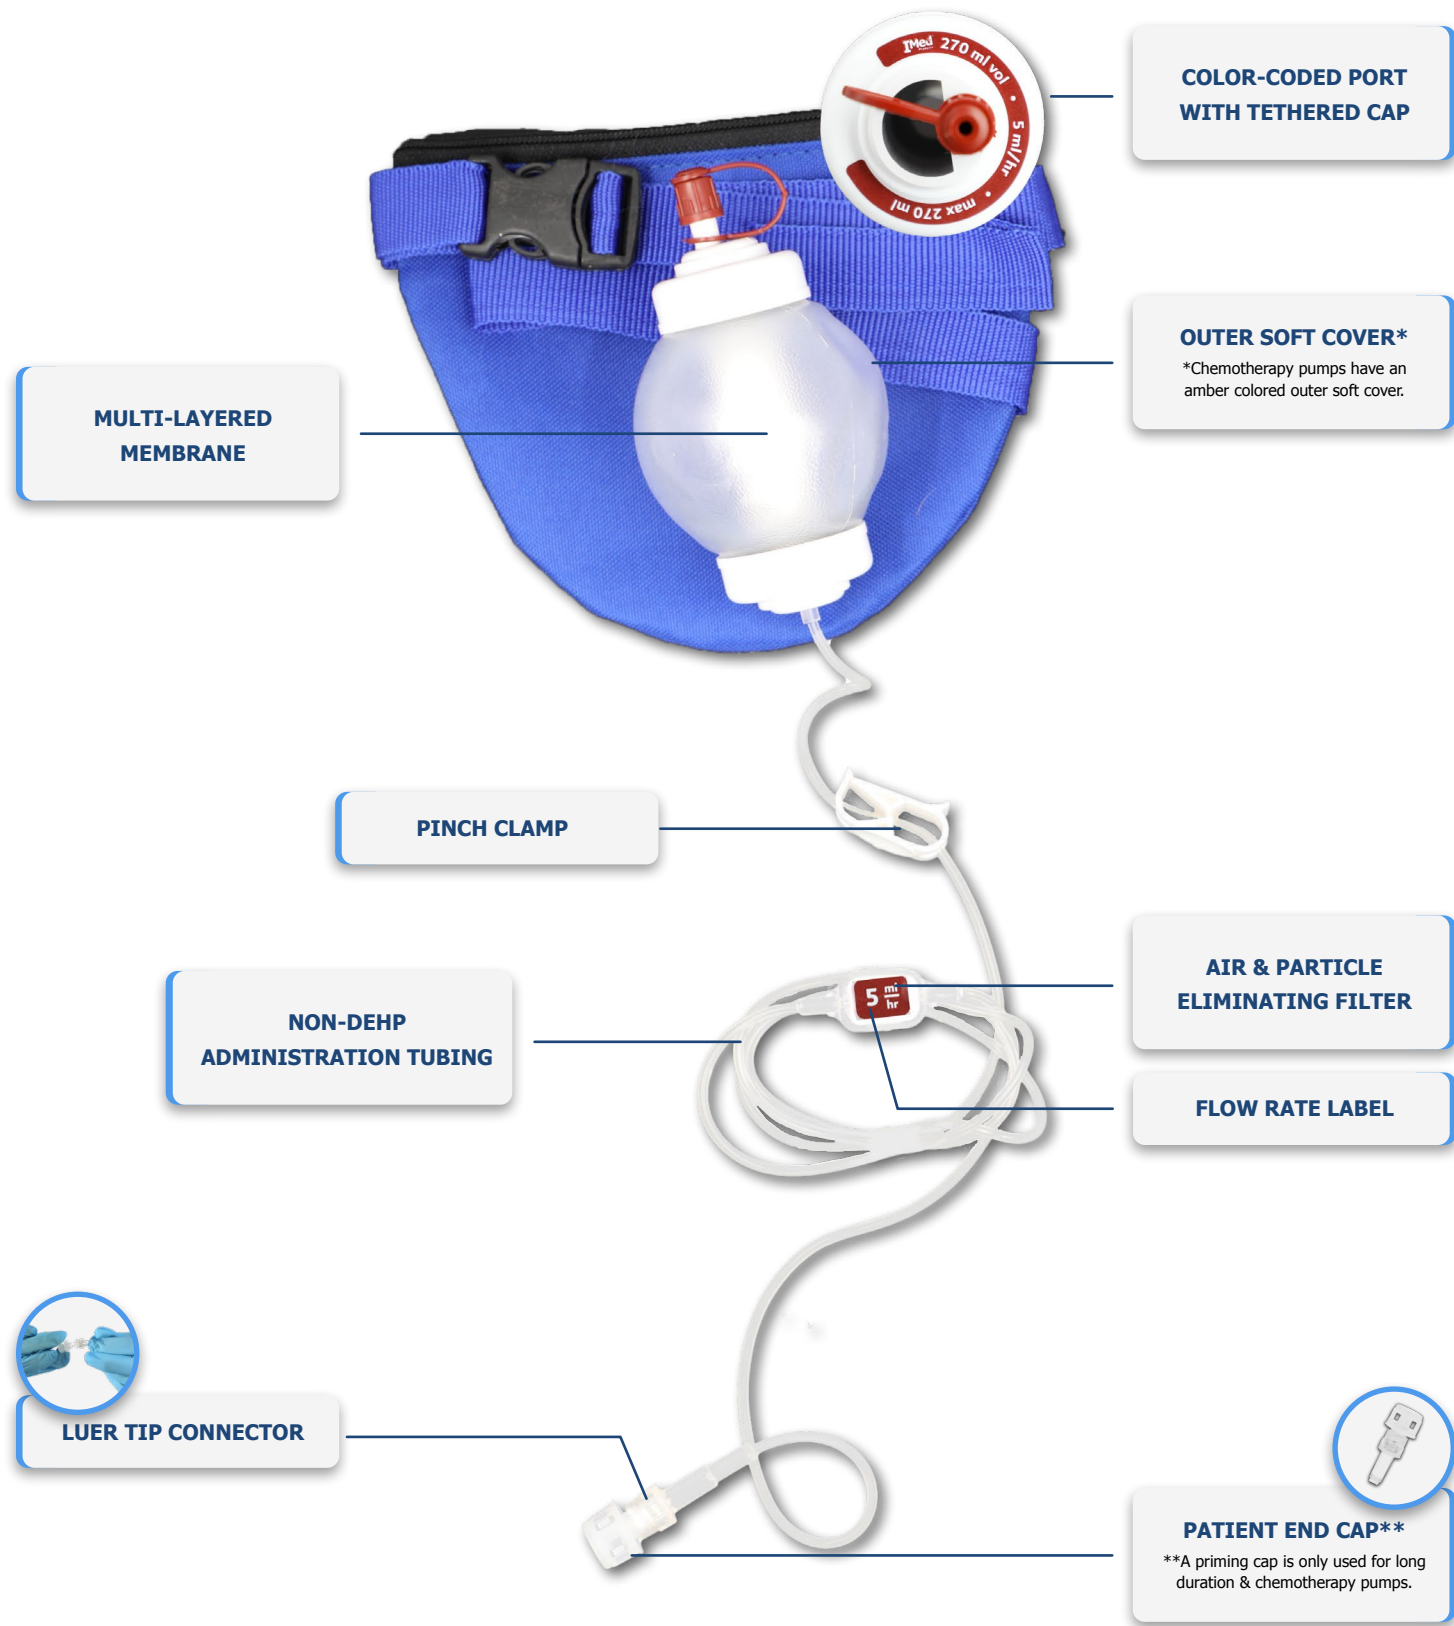

VERSATILE DRUG COMPATIBILITY

USFDA clearance certifies these pumps safe for a wide range of medical applications, including infusion, long-term care, and chemotherapy treatments.

BULK CONVENIENCE

The 6-pack format streamlines high-volume workflows, reducing handling time and maximizing efficiency in your cleanroom environment.

EZ-FLOW SHORT DURATION

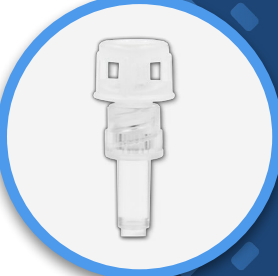

- Not Made with Natural Rubber Latex
- DEHP-Free
- Sterile-Packed
- Single-Use Only
- Color-Coded by Flow Rate
- Pinch Clamp
- 1.2 Micron Particle Filter
- 0.03 Micron Air Filter

Simplify Clinical Workflows with Ready-to-Use Solutions

TIME SAVING EFFICIENCY

Pre-assembled kits reduce the time spent gathering individual components, enabling faster procedure prep and improved workflow efficiency.

COST EFFECTIVE SOLUTION

Optimized pricing supports operational efficiency while reducing supply chain complexity for hospitals and clinics.

CONSISTENT, RELIABLE PERFORMANCE

Each kit is carefully assembled to deliver trusted, consistent performance in demanding clinical environments.

REDUCED WASTE & IMPROVED ORGANIZATION

Consolidated packaging minimizes excess materials and simplifies inventory management.

CHOOSE YOUR COMPONENTS

Select from a wide range of essential medical supplies, including:

- Syringes
- Dressings
- Gloves
- Prep Pads

...AND MORE

SELECT YOUR QUANTITIES

Tailor each kit to align with your facility's protocols and workflows.

Create standardized kits that improve consistency, reduce variability, and enhance staff efficiency.

DELIVER & SIMPLIFY

Receive pre-assembled, ready-to-use kits delivered directly to your facility.

Reduce order complexity and improve operational efficiency.

READY TO GET STARTED?

Contact your Territory Manager

Elevate Healthcare Efficiency with IMed Products® Kits

PRECISION IN EVERY PACKAGE

Ensure seamless procedures with exact quantities of essential supplies while maintaining the highest standards of hygiene and patient safety through sterile packaging.

OPTIMIZED WORKFLOW, ENHANCED CARE

Streamline processes, improving overall efficiency, and reduce time spent on procurement and inventory management, enabling greater focus on patient care.

COST-EFFECTIVE SOLUTIONS

Discover cost-saving benefits by minimizing waste and maximizing resource utilization while providing affordable options without compromising quality, allowing for better allocation of financial resources.
