

A SIMPLE SOLUTION FOR YOUR PATIENTS TO CONTINUE CHEMOTHERAPY INFUSION AT HOME

Equipment used to begin administration of a drug that the patient completes at home is not separately billable as durable medical equipment.¹

Homepump* C-Series* offers:

- Disposable, lightweight design
- Pre-set flow rate - no complex programming or drop counting simplifies life for clinicians as well as patients
- Discreet, portable and patient friendly
- No complex programming, maintenance, power cords, batteries or IV poles

There are inherent risks in all medical devices. Please refer to the product labeling for **Indications, Cautions, Warnings and Contraindications**. Failure to follow the product labeling could directly impact patient safety. Physician is responsible for prescribing and administering medications per instructions provided by the drug manufacturer. Refer to www.avanosmedicaldevices.com for additional product safety Technical Bulletins.
