

IMed Products® Backpacks and Pouches provide a durable and discreet carrying solution designed to support patient mobility during ambulatory and enteral infusion therapies. These universal-fit designs securely house pumps and reservoirs in various sizes, ensuring reliable performance and comfort across home and alternate-site care settings.

FEATURES & BENEFITS

- Promotes patient mobility and helps patients remain active during therapy
- Fits a wide range of infusion and enteral pumps
- Multiple size options support different pump types and therapy needs
- Durable construction built for everyday home and alternate site use
- Adjustable designs support extended use and helps keep pumps and supplies protected
- Reusable design helps reduce replacement costs
