

IMed Products® Spill Kits provide ready-to-use, consolidated cleanup supplies that enable healthcare facilities to respond to spills quickly and maintain safety compliance. These compact, organized kits standardize handling procedures across clinical environments to improve operational efficiency and ensure a safer care setting.

## FEATURES & BENEFITS

- Provides a convenient, preassembled kit to support fast and effective response when spills occur
- Helps facilities maintain a safer environment by supporting consistent spill management practices
- Keeps necessary spill response supplies organized and accessible when time matters most
- Single-kit format helps reduce supply tracking complexity and restocking challenges
