

Introducing the **Redesigned**

**Freedom60<sup>®</sup>**  
INFUSION SYSTEM

Now FDA-cleared for direct use with Hizentra 50 mL PFS, when paired with the Freedom60 PFS adapter\*

## More opportunities to enhance the patient experience

The ideal choice for patients receiving SCIg therapy doses of 45 mL or greater

- ✓ In a comparative patient study, Freedom60 saved patients time and effort compared to alternate mechanical systems<sup>1</sup>
  - **89%** of patients experienced **faster setup times**, with a **mean time reduction of 28%**<sup>1</sup>
  - 70% fewer rotations required for operation – **63 vs. 9**<sup>1</sup>
- ✓ **Redesigned with integrated feet** that were engineered to help improve stability and facilitate insertion of all compatible syringes
- ✓ **FDA-cleared for use with multiple syringes**, including the BD<sup>®</sup> 50 mL syringe and **two new syringes: the Medline<sup>®</sup> 60 mL and Hizentra 50 mL PFS\***

## Product Specifications:

**Freedom60 Infusion Pump**

**Item Number:** F10050-A
