

Eclipse 5[®]

Innovation and support to help your business thrive

CAIRE[®]
O₂ is what we do.

The award-winning Eclipse 5 outperforms competitive devices in oxygen delivery with the ability to deliver up to 192 mL bolus via pulse dose, and up to 3 LPM continuous flow—meeting the needs of a wide variety of patients.

QUALITY CARE FOR YOUR PATIENTS

- > The Eclipse 5 offers unparalleled smart O₂ delivery, including autoSAT[®]—the only technology that automatically adjusts to the patient's breathing needs.
- > Optimize patient care by offering a versatile, transportable solution that provides customizable oxygen delivery to accommodate a variety of patient conditions.

IMPROVED OPERATIONAL EFFICIENCY

- > Reduce operational costs by simplifying inventory management with a device that meets more patients' needs.
- > Minimize service needs to reduce maintenance costs and your total cost of ownership.
- > Reduce patient callbacks with fewer device failures.
- > Troubleshoot alarms remotely with wireless connectivity to myCAIRE[™].

HISTORY OF QUALITY AND RELIABILITY

- > More than 50 years experience in manufacturing robust and reliable oxygen therapy solutions.
- > Pioneers in an innovative transportable solution offering continuous and pulse dose oxygen delivery since 2006.
- > First manufacturer to offer a 3-year warranty, including sieve beds.
- > Proven performance record—with warranty repair rate averaging less than 5%*.

A PARTNER YOU CAN TRUST

- > The only complete portfolio of oxygen therapy solutions to provide the appropriate care for your patients.
- > A full suite of service solutions to efficiently deliver therapy to your patients.
- > Partnering with you for total service and sales control in your market.
