

Pitch-It® IV Poles

Pitch-It Pole #30007 / Pitch-It Pole Sr. #30006

The portable and cost-effective Pitch-It IV Poles are perfect for IV therapy in homes or healthcare settings. They eliminate the retrieval, cleaning, bagging, and tagging of old IV poles. Easily fold them up and store them once therapy is completed.

Advantages

- No assembly required
- Perfect for using anywhere IV sedation or infusion is provided with infrequent use or limited space
- Made from 100% recycled materials for an environmentally friendly solution
- Lower shipping costs than traditional IV poles
- Enhanced hook design, ensuring safe placement of ambulatory and enteral pumps
- Five casters for easy mobility*
- Locking pin for increased stability*

*Applies only to Pitch-It IV Pole Sr. #30006
