

## Sharps Recovery Asset Return Systems

**Small #20001, Medium #20003, Large #20005, Extra Large #20007**

**Save time and money by reducing trips to and from the patient's home and limiting the risk of losing expensive IV pumps with our AssetReturn Service.**

This innovative system guarantees the timely return of infusion pumps, TENS units or other expensive equipment to your facility, directly from a patient's home via UPS. When the patient completes therapy, they simply return the pump to the provider using the prepaid return shipping box, which includes tracking and insurance.

### ADVANTAGES

- Reduce risk of lost assets
- Save employee time and eliminate expensive pickups with prepaid return boxes
- Prevent equipment damage with specially-designed foam packaging
- Optimize asset utilization
